THE
BEAUTY
OF STEEL
AND
WOOD

In the black-and-white gray fashion,
the golden head gives this simple bath
cabinet a rich feeling.
Titanium with good economy replaces the
traditional gold,
so that the noble quality life of all living
beings is no longer under heavy pressure.

Minimalist design, not impetuous, not exaggerated, hidden in the details of the designer's unique design concept, tobacco gray cabinet with paradise bird color, ingenuity, image three-dimensional, beauty with the heart.

Golden years

A person who is serious about life has a firm persistence, which makes life unique. Just as this golden age brings you a warm experience that you have never enjoyed before, from the smooth material close to the skin to the bath cabinet design that conforms to the height of the Oriental human body, the meticulous sense of taste, the in-depth care of every moment of use, and the considerate human space.

As the place of Da Yin's life in the city, it is precisely for the sake of collecting talents and savoring the mellow and calm in one side of the situation. Elegant and profound, what the upper class of the city can see from afar is the private paradise created for you by "golden wood and green China".
